

Edgar Tomblin — Part 8

Many tradesmen were in Lound, Arthur Gilbert was the last line of blacksmiths with his shoeing shop near the Butchers. The Joiners and Wheelwrights were the Rollinson's. The Wright's came to The Grange in 1886 then moved into East View Farm which had been the second pub, 'The Durham Ox' which had lost its licence through neglect and had a fighting reputation. The Blue Bell's way of attracting business, was by the landlords brother to be in the skittle alley making a great commotion as if everyone was playing around half past nine on every wet morning. This is because the labourers from Danes Hill would be returning home as they would have no work. At this time about 15 men from Lound worked at Danes Hill, 8 at Blaco Hill and 4 at Bellmoor as well as the village farms having a quota according to their acreage. One of the families, Ellis were the keepers of the village post office for a total of 100 years. All were craftsmen in their own right and stalwarts of village life.

Linghurst Lakes AGM

Please make a note in your diary to attend:

Linghurst Lakes AGM

Monday 21st October

Linghurst Lakes is an important part of Lound. We are very fortunate to have such a wonderful scenic area to take exercise, walk the dog or just meander and enjoy the wildlife.

Please come along to the AGM next month. To maintain Linghurst Lakes is costly and important villagers have their say or get involved to look after this unique village asset for future generations.

Library Van in Lound

Did you know that a mobile library van visits Lound the beginning of every month.

The next library van visit is on **Monday 9th September** and stops outside Lound Nursing Home next to the Village Green at 11.10am.

There is a large selection of book for all ages and also, a collection of audio books.

Dog Poo Bags!

Again, we are getting many complaints from Villagers of plastic dog poo bags being hung on trees or left on the ground around Linghurst Lakes and Poplar Walk!!!

Flu Vaccination Programme

Flu is a highly infectious disease. It is caused by viruses that are spread from person to person. The viruses change each year and this is one of the main reasons why pregnant women and those with an underlying health condition should be vaccinated annually. The symptoms, that come on very quickly, include fever, chills, headaches, aches and pains in the joints and muscles and extreme tiredness.

The best way to avoid getting the flu is by having the vaccination. Doing so reduces the risk of developing the illness significantly.

Flu vaccine will be available for free to the 65+. It is also recommended for those with certain pre-existing conditions such as heart, lung, diabetes etc. of any age.

>Bassetlaw GPs will be taking bookings for their flu clinics in September through to the end of October. Vaccination is also available through local high street pharmacists or if pregnant, their midwife.

Lound Lingerers

This month's circular walk of about one and a half hours is on **Friday 27th September** and starts near the Hop Pole Inn, Retford. The route takes us down Shady Lane towards Clarborough and continues up the Baulk with views all around. We return along the canal via Whitsunday Pie Lock – apparently so named because a huge pie was baked for the navvies building the canal on that day. However, Whitsunday Pie Field has been found on a map which pre-dates this, so who knows!

Please let Gee know on Tel: 818792 by Thursday 26th if you would like to join us so that we can organise transport and book a table for lunch.

We meet at Willow Cottage, 65 Town Street at 10.45am.
