

Neighbourhood Plan Steering Group

Held on Thursday July 27th 2017 7.30pm in Lound Village Hall

Present: Michael Naylor (Chair), Andrew Perkins, Colin Beaumont, Nick Prout, Rod Austin.

Apologies Received: Karen Pollard, Bob Lane, Carol Green.

Declaration of Interest - None

Minutes of the Meeting held 15th June 2017 were approved as a true record.

Matters arising from previous meeting:

1. Declaration of Interested Parties

Bob Lane still to complete form and submit. Karen Pollard returned signed form.

No update given

Action: Bob Lane if still outstanding

2. Scoping report and Landowner responses Luke Brown has not yet provided a current density plan/map, nor the promised scoping report. BDC have informed N Prout that we will not have sight of the responses from the local landowners, but BDC will carry out an assessment of the sites put forward and grade them as to suitability. There will be a charge for this, but they have not advised us of the cost. The Steering Group has also been offered free technical assistance in the site assessment process from AECOM but it is uncertain if there is any overlap of these two processes.

Action: M Naylor to contact AECOM and Luke Brown to clarify.

3. Vision and Objectives Alan Jones has agreed to place an article in the Crier outlining these and asking for comments.

Progress of Draft Plan

CB reported that several sections have been drafted, but further progress is difficult without access to the BDC scoping report.

Review of Photos

G White has taken many excellent pictures of the village, for which the Steering Group would like to express our sincere thanks. These were reviewed and it was agreed that selection of appropriate views would be delayed until the report from BDC on the sites offered by landowners is available.

AOB

None

Date of Next Meeting - Thursday 7th September 2017 at 8.00pm, Lound Village Hall.

Action: Nick Prout to book and confirm.
