

Lound Archive — part 2

The earliest known documentary reference to Lound dates back to 986 when like Sutton it formed part of King Edwy's large grant of lands to Oskytel, Archbishop of York. By 992 both villages were incorporated among the permanent possessions of the archbishopric and by the time of the Norman Conquest, Sutton and its dependencies, of which Lound was one, had attained some importance. The archbishop was then the largest proprietor, his Sutton manor (*estate or territorial unit*) included land in Lound, Barnby Moor and Scrooby.

Together, they were taxed in 1066 at £8 - no small sum in those days and as Scrooby Palace was not in being, the Archbishops regarded Sutton-cum-Lound as their chief manor in the district.

The royal manor at Bothamsall also had land at Lound and Barnby Moor. A manor which Ulchel had under the Confessor, was granted to Roger de Busli who was ranked one of the foremost men and land owner in Nottinghamshire.

Moths at Linghurst Lakes

Issue No. 514

Help needed on Sunday 15th - Village Green

Neighbourhood Plan Meeting
Thursday 5th July 5-8pm

Neighbourhood Plan

The first drop-in consultation event to gather opinions on which sites should be taken forward to the next stage was held on Saturday 16th June. 116 forms for residents to express their preferences were issued to Lound Parishioners from 52 households. The Village Hall was filled close to its capacity, as residents studied the information on show, asked questions and joined in lively discussions.

If you did not attend this meeting, all is not lost as a second consultation session is arranged for **Thursday 5th July from 5.00pm to 8.00pm.**

Don't miss the opportunity to come along and express your opinions. Once decisions are taken without you, it may be too late for your views to count.

Please take a look at the village website, where documents from the meeting have been published. You will see that Landowners of sites NP12, NP18 and NP19 have set out their thoughts on how they would intend their land to be used. All forms must be returned by the closing date of 12 July.

Once again the importance of having a Neighbourhood Plan (and therefore controlled development) must be stressed. Without a plan, developers or landowners could build without any regard for the village or its residents.

Finally, please remember that all the Neighbourhood Plan Steering Group meetings are open for Parishioners to attend and to join in the debates.

The next meeting will be held on **Thursday 19th July at 8.00pm in the Village Hall.**

Village Green

As mentioned through the Crier many times the Village Green is your area to enjoy and relax. However, as with any garden, it needs to be nurtured and looked after. This is where you can help by offering just 1 hour of your time on **Sunday 15th July** at 10.00am. The Village Green is also a great place to meet your neighbours for a chat, so why not come along.
Look forward to seeing you there...

Parish Council

Planning Issues-Applications:

18/00774/LBA Change of use of stable with accommodation annexe above to residential annexe — Alpha House, 73 Town Street, Lound

Decisions: None

Village Website: Now partly fixed so you should now be receiving automatic email notification as new posts are added.

Idle Valley

Recently, there have been some structural changes to the management at Idle Valley Nature Reserve. Unfortunately, this has resulted in fewer people to look after and maintain the site.

Therefore, to give a helping hand regards security and vandalism issues, if you see any unacceptable behaviour e.g. quad or motor bikers racing around then you must report it immediately to the police by ringing 101.

Thank You
