Winter Warm Hubs

External Auditor appointment

A resident has wrote asking if anything can be done on the Wetlands Lane as the traffic is causing dust storms. NCC has been contacted and responded:

Response from Via/highways:

*"This lane is not adopted highway. However, it is shown as a Byway on our mapping system, therefore, I have copied the Rights of Way Manager, as they may be able to assist with this enquiry."*

Response from PROW:

*"Byways are obviously maintained by the highway authority. I can confirm there is no speed limit on the byway and the surface is compacted stone, therefore unfortunately it will be dusty in this type of weather."*

The Care home have complained about the length of time the reading room has taken to complete. Their complaint has been redirected to the village hall committee.

HIVE have written in regard to a potential planning application, those that can attend the consultations sessions from the Parish Council will attend.

A resident has contacted a councillor in relation to a property they own, they complain that they feel under undue scrutiny in relation to their property, they report an incident of a councillor watching the area with binoculars and a verbal altercation taking place. They advise that they are working with a planning consultant in conjunction with Bassetlaw Planning department in regard to any work taking place and any buildings on site are temporary, and that they are going through due process. The resident is advised to report such incidents going forward to the police.

Following a Parish Council discussion it is determined that the altercation was not with a Parish Councillor or member of the Parish Council and that the Parish Council will continue to monitor all village planning development for compliance.
