

Linghurst Lakes Creation

It is now summer 1995 and the extraction of sand and gravel commences in full swing with sand and gravel transported via conveyor to the main Chainbridge plant.

As we have a high water table around Lound, large water pumps had to be installed to allow for continued operation.

This month, Rosemary Fox is a professional and experienced stained glass artist. She will be coming to speak to the Phoenix Group on **Wednesday 9 April at 7:30pm** in Lound Village Hall and is bringing examples of her work.

Her talk will cover the history of stained glass from the Egyptians to the present day.

The Phoenix Group is aimed at local ladies and does not have a membership requirement.....all are very welcome.

For a small entrance fee you can enjoy a good speaker, have a tea / coffee(or wine), and chat with friends. Why not give it a try!

Parish Council

Dog Fouling:

After endless complaints from villagers and notices in the Crier reporting the continuous Behaviour of some irresponsible dog owners not clearing up their dogs mess.

Little Top Lane appears to be the worst area being reported. However, after 12 months of complaints the situation is now unacceptable and villagers are encouraged to video offenders and report them to **Bassetlaw Environment Health**.

Should offenders continue this behavior then they will be named and shamed and prosecuted.

Also, if you clear up your dogs mess **do not throw** the waste bag into peoples gardens as recently discovered by some villagers.

Would you like it thrown in yours???
