

Linghurst Lakes Creation

Summer and Winter — 1997

The hole is now getting bigger and deeper with an old farm cart having been dragged out of the way.

This broken cart is believed to have belonged to the Rickles farming family. They farmed the land before being extracted for sand and gravel by Tarmac.

They lived at Alpha Farm, Town Street, which is adjacent to St Anne's Church.

The old cart is now well hidden in the brambles and bushes on the east side of the southern lake close to the style on Neatholme Lane.

Linghurst Lakes

Many of you will have noticed over a number of weeks an area between the two lakes has been cleared of brambles and vegetation. Thank you to all who helped in this 'back breaking' work.

Those involved; Martin Bingham, Jeanie Pepper, Michael Naylor, Tessa Hart, Tim Free-stone, Lawrence Sweeting, Alan Jones and myself.

With advise from Notts Wildlife, the cleared area has been sown with Turtle Dove grass mix providing habitat for wildlife.

With their guidance, further tree thinning is to take place later in the year.
