

Linghurst Lakes Creation

2002 - In the summer of 2002 a village party and evening dance was held at Linghurst Lakes.

The marquee and BBQ were situated between the two lakes close to the recent clearing of brambles.

To power the event, Severn Trent kindly allowed the village to tap into their electric supply.

Although many trees were planted they were very small. However, over the last 25 years these have grown and are well established. Nature has taken over with many self set trees now dominating the lake side obstructing the view.

Lound Care Home Summer Fete—P3

Calling Lound Photographers!—P2

The Birth of a Village Hall in Lound - *Part 2 of 2*

With the plot of land secured, private funding allowed a Methodist Chapel to be built, which would eventually become the Village Hall.

Moving forward exactly one hundred years, different strands of Methodists were amalgamating as the congregations were diminishing. Chapels were being sold off. This included Lound Methodist Wesleyan chapel. Mrs. Huntsman of Lound Hall and other notaries in Lound wanted a Village Hall for the village so purchased the chapel for the sum of £90. Most of the money was put up by Mrs. Huntsman for the purchase, hence its name, 'The Huntsman Village Hall', and being opened officially in 1934 by Mrs. Huntsman.

The Village Hall now in its ninety first year with building extensions to the east, south and west and constant updating of its facilities to provide a social space for the community.

What will it be in another hundred years? Probably consigned to history stored in the Reading Room.
