

Linghurst Lakes Creation

Following the handover of Linghurst Lakes to the village in 2004, the trees and scrubs have grown into a tranquil asset for the village to enjoy, and is used daily by walkers and dog owners. Maintenance is ongoing and is financed by the

interest from the funds given to the village by Tarmac. Depending on what maintenance is required, it costs around £2-3,000 annually.

Please help to keep our lakes pathways clean and tidy. Why not take a pair of secateurs with you to snip off those fast growing spikey brambles...
